XAVIERA Hollander is 65, but the former call girl known as "The Happy Hooker" still has an eye for hunky young men. After taking in "The Stitching," Anthony Neilson's sexually charged play at the Wild Project in the East Village, Hollander panted, "It's delightfully pervy. Meital Dohan, from 'Weeds,' was ferocious - though I would have enjoyed more nakedness, especially from Gian-Murray Gianino." Meanwhile, "Portrait of a Sexual Revolutionary," a new documentary about Hollander's colorful life, won big at the Philadelphia Independent Film Festival.
